

Represented by **KAP Purwanto Susanti dan Surja**, our Assurance teams in Indonesia serve the public interest by promoting trust and confidence in business and the capital markets. Assurance services - comprising Audit, Climate Change and Sustainability Services (CCaSS), Financial Accounting Advisory Services (FAAS), Forensic & Integrity Services, Technology Risk - address risk and complexity, while identifying opportunities to enhance trust in the capital markets. The Audit team serve the public interest by providing high-quality, analytics-driven audits with independence, integrity, objectivity and professional scepticism. In doing so, they help to support sustainable, long-term value creation.

The CCaSS team assists companies in understanding the risks and opportunities arising from climate change and sustainability issues. The FAAS team is dedicated to building an effective and efficient finance function with a range of accounting, reporting, and analytics services. The Forensic & Integrity Services team helps organizations protect and restore their enterprise and financial reputation and achieve their integrity agenda. Meanwhile, the Technology Risk team utilize specialized IT knowledge to conduct audits, safeguard internal controls, and help decision-makers build trust with stakeholders through transparent communication on compliance. By addressing technology risk, organizations can protect their assets and enhance stakeholder relationships.

Thanks to the global experience of EY's multidisciplinary talent and innovative technology, they help clients navigate the complex emerging reporting standards. EY Assurance services work collaboratively to protect and promote sustainable, long-term value for stakeholders. This approach ensures that organizations are well-prepared for future challenges and opportunities.
